

Packaging ideas
that work for you

Crown is Your Partner in Packaging

Our Mission

Crown Packaging is a customer-focused, industrial packaging leader recognized for superior service and high performance results.

Integrity and commitment to excellence will always be hallmarks of our culture.

Who We Are

Founded in 1969, Crown Packaging has grown into a leading single-source provider of industrial packaging products and equipment.

Crown is one of the largest privately held packaging companies in North America, supporting thousands of customers across the United States, Canada and Mexico.

We are deeply committed to helping you create the most comprehensive packaging solutions for your:

- shipping departments
- production areas
- storerooms
- industrial mailrooms

Our Team

With offices in over 50 locations and 70 stocking warehouses, we have the resources to provide customized, personal customer service in your area. Here's how:

- More than 200 local Packaging Specialists
- Local customer service
- Local stocked warehouses for just-in-time deliveries
- Local Service Technicians

We have a exceptional team ready to support you nationally:

- National Account Team
- Supported by local branch offices
- Continuous cost savings tracking with our Crown IMPACT software platform
- Secure personalized online ordering system
- Specialized reporting tools

Best-in-Class Services and Customer Support

At Crown Packaging, we provide our customers with in-depth packaging ideas and superior customer service, offering the highest-quality products at the most competitive prices. These services set us apart:

- Vendor Managed Inventory (VMI) ensures the lowest possible carrying cost for you
- Just-in-time delivery helps you manage and reduce your packaging inventory
- Inventory forecasting helps you stay ahead of order demand
- Streamlining procurement procedures increases your efficiency by consolidating paperwork and suppliers
- In-depth analysis of your operation and packaging requirements helps further lower your cost
- Cost savings worksheets document results
- Onsite support and consultation from regional packaging specialists

How Crown Packaging Helps

- Simplify packaging procurement through one supplier
- Automate your operation with packaging equipment
- Eliminate storage costs with regional inventory management
- Mitigate supply shortages with just-in-time delivery
- Accelerate shipping & eliminate avoidable delays
- Optimize your boxes for dimensional weight
- Reduce product damage through custom packaging design
- Ensure high performance through packaging testing services
- Fine-tune packaging systems with our maintenance services
- Identify operational risks and opportunities for improvement
- Support your sustainable packaging goals

FEATURED SPECIALTIES

Sustainability

We offer a complete line of sustainable and eco-friendly packaging products along with specialized services to help you identify opportunities to reduce waste.

Cold Chain

Leverage our expertise to find the right cold chain packaging for your needs, including insulated box liners and recyclable cold chain solutions.

Custom Corrugated

Reduce product damage and improve packaging quality with custom solutions developed by our dedicated corrugated designers.

Packaging Equipment from Top Manufacturers

We offer a wide range of equipment to support your packaging needs. Stretch wrappers, shrink systems, carton sealers, case erectors and more are all available from Crown Packaging.

Ask our team of experts to help you take advantage of technology that will accelerate your operations and boost profitability.
